MAINTENANCE TIPS

TIPS FROM THE PROS FOR YOUR NINTENDO ENTERTAINMENT SYSTEM, GAME BOY, GAME PAKS AND ACCESSORIES...

What can you do to be sure your valued Nintendo products are always in tip-top condition? That's easy! Simply use these easy-to-remember tips:

1. Keep the Control Deck door closed at all times.
2. Store game paks in plastic sleeves or protective containers.
3. Keep food and liquid away from your Control Deck and Game Boy.
4. DO NOT touch or blow on the metal game pak edge connector.
5. Always check the open end of your game paks for foreign material before use.
6. DO NOT leave your Control Deck or Game Boy on the floor where it may collect dirt, dust or carpet lint.
7. Remember to regularly clean your NES or Game Boy and all game paks that you own or borrow. Be sure to use only Nintendo quality cleaning kits. Look for the Nintendo Seal of Quality.

TROUBLESHOOTING GUIDE

NINTENDO ENTERTAINMENT SYSTEM®

SYMPTOM/PROBLEM	MOST COMMON CAUSES	SOLUTIONS
SNOWY SCREENS 	1. Improper hookup to television.	• See product owners' manual for hookup instructions. • If hookup is correct, visit your nearest Authorized Service Center for free product testing. Or call **1-800-255-3700** for assistance.
SOLID COLOR SCREENS (Blank) 	1. Dirty connectors (usually happens with products beyond the warranty period or in cases where customers rent or borrow game paks that are not cleaned.)	• NES Cleaning Kit needed to clean Control Deck and game pak edge connectors. • If cleaning does not solve the problem, visit your nearest Authorized Service Center for free product testing. Or call **1-800-255-3700** for assistance.
	2. If this symptom occurs with a new NES it may indicate improper hookup to the TV. This usually occurs when both the VHF input and audio/video input are connected.	• See product owners' manual for hookup instructions.
SCRAMBLED SCREEN	1. Dirty connectors (usually happens with products beyond the warranty period or in cases where customers rent or borrow game paks that are not cleaned.)	• If cleaning does not solve the problem, visit your nearest Authorized Service Center for free product testing. Or call **1-800-255-3700** for assistance.

SYMPTOM/PROBLEM	MOST COMMON CAUSES	SOLUTIONS
BLINKING/FLASHING SCREEN (Game picture or blank screen flashing) 	1. Game pak not inserted properly. 2. Dirty connectors.	• Push game pak completely into control deck and press down. • NES Cleaning Kit needed to clean Control Deck and game pak edge connectors. • If cleaning does not solve the problem, visit your nearest Authorized Service Center for free product testing. Or call **1-800-255-3700** for assistance.
BLINKING POWER LIGHT 	1. Game pak not inserted properly. 2. Dirty connectors.	• Push game pak completely into Control Deck and press down. • NES Cleaning Kit needed to clean Control Deck and game pak edge connectors. • If cleaning does not solve the problem, visit your nearest Authorized Service Center for free product testing. Or call **1-800-255-3700** for assistance.
NO POWER LIGHT 	1. Power button not pressed in "on" position. 2. AC Adapter not plugged into Control Deck or wall outlet. 3. Non-Nintendo AC Adapter is being used.	• Press Power button "on". • Ensure that AC Adapter is plugged into "live" 115 volt outlet and in the proper receptacle on the Control Deck. • Visit your nearest Authorized Service Center for free product testing.
PICTURE IS FINE– NO GAME SOUND	1. Improper hookup of AV Cable to TV. 2. Certain game paks do not emit sound until game play is underway. 3. Television volume control is not adjusted high enough or mute mode is activated.	• See product owners' manual for hookup instructions. • This is normal. Begin playing game. • Adjust television volume control or cancel mute.
PICTURE IS FINE– SOUND BUZZES OR IS DISTORTED 	1. Improper hookup of AV Cable to TV. 2. Dual hookup using RF Switch and audio/video cable.	• See product owners' manual for hookup instructions. • Only one hookup is advised. Use RF Switch or audio/video cable but not both.

GAME BOY®
